

# NORTHWEST TRAINING AND TESTING SUPPLEMENTAL EIS/OEIS

## RECORD OF DECISION

### Notice of Availability

The U.S. Navy, after carefully weighing the operational and environmental consequences of the Proposed Action, is announcing the release of the Record of Decision to continue training and testing activities at sea and in associated airspace within the Study Area as described in the Northwest Training and Testing (NWT) Final Supplemental Environmental Impact Statement/Overseas Environmental Impact Statement (EIS/OEIS).

The Navy made this decision after considering the potential impacts training and testing activities may have on human, natural, and cultural environments, as well as comments from elected officials, government agencies, tribes, nongovernmental organizations, and the public on the proposal and environmental analysis.

### For More Information

The Navy is committed to providing the public an accessible version of the Record of Decision during COVID-19 conditions. The Record of Decision, Final Supplemental EIS/OEIS, and supporting documents are available online at [www.NWTTEIS.com](http://www.NWTTEIS.com).

If you need assistance accessing the document or have media inquiries, please contact Ms. Julianne Stanford, Navy Region Northwest Public Affairs Office, at [julianne.stanford@navy.mil](mailto:julianne.stanford@navy.mil) or 360-867-8525. For all other queries or if you require additional information about the project, please contact Ms. Jackie Queen, Project Manager, at [projectmanager@nwtteis.com](mailto:projectmanager@nwtteis.com).

## Record of Decision

The Record of Decision documents the Navy's decision to continue training and testing activities within the Study Area as described in the NWTT Final Supplemental EIS/OEIS under Alternative I, the Preferred Alternative.

Implementation of the Preferred Alternative will allow the Navy to fully meet current and future training and testing requirements.

The Navy is committed to being a good steward of the environment and will continue to implement mitigation measures to avoid or reduce potential environmental impacts from training and testing.
